

PICK 3 STRATEGIES

			Race 3		Race 4	Race 5
YOUR TOP SELECTIONS			7		5	3
but you also like:			9-6		1-3	4-2
	Race 3		Race 4		Race 5	Cost
TICKET 1	7	/	5	/	3	\$2.00
TICKET 2	7	/	1,3,5	/	2,3,4	\$18.00
TICKET 3	6,7,9	/	5	/	2,3,4	\$18.00
TICKET 4	6,7,9	/	1,3,5	/	3	\$18.00

So if 7,5,3 Win (your top selections) all your tickets will be winners. You win all four tickets instead of one.

Actual layouts will depend on how many potential singles there are among the top-rated contenders and how many logical back-up possibilities there are in each race, including the races with potential singles. At the bottom line all decisions must be funneled through the limitations of the player's bankroll.
